All,

I just received the fwd from Peter Butler. It appears they would like to have Rob present the OTEQ results on August 29th. I have not responded to Peter so give me a call if you have any concerns. thx

Brent – We'd like to take you up on your offer to have Rob talk to us. We've decided not to have a regular ARSG meeting in August which would normally be a Tuesday. Maybe Rob could talk with us on Friday afternoon, August 29, at 1:30? Location TBD.

I would expect a small turnout. That's Friday afternoon leading into Labor Day weekend. Bill, Steve, and I are interested. I have not heard from Larry Perino. Might be screwing up his Labor Day plans.

Let me know if that will work.

Peter Butler

Peter,

Rob Runkel will be in Silverton 8/28 and 29th for purposes unrelated to Cement Creek or the Animas water quality issues. It would be advantageous if he could present the current results of the OTEQ model possibly Thursday night, but preferably Friday afternoon. Is it possible to move the ARSG meeting Friday afternoon? thx
